

## Early works on the \$740 million Liverpool Health and Academic Precinct (LHAP) continues

Works to prepare the site are continuing on campus and along surrounding streets, with stormwater, sewer and service upgrade activities scheduled to take place until late August 2020. This will include some night works between now and mid July.

Temporary impacts on Campbell, Goulburn and Elizabeth Streets include:

- street parking restrictions
- pedestrian route changes due to footpath works
- temporary relocation of pedestrian crossing on Goulburn Street

Detours and traffic control will be in place to support pedestrian and vehicle traffic flow in the area while these important works progress.

While there will be some disruptions across the hospital campus until project completion in 2026, we'll aim to provide ample notice of works to help reduce the impact on patients, visitors and staff. We appreciate your patience and remind you to:

- follow instructions and directions from traffic controllers and site staff
- walk only on marked paths and follow all road and site signage
- check signs around your usual parking area for upcoming changes as the project progresses
- report any concerns or questions you have to the redevelopment team on (02) 8738 6670 or by emailing [SWSLHD-LHAP@health.nsw.gov.au](mailto:SWSLHD-LHAP@health.nsw.gov.au)

### SUMMARY OF WORKS – to 30 August 2020\*

**A Day works**  
Impacts to parking and pedestrian/vehicle traffic flow due to road and footpath works at various intervals until 30 August. Traffic control will be in place.

Day works will include restricted access to Goulburn Street from Elizabeth Street from 15 April until late April.

**B Night works**  
Impacts to pedestrian and vehicle traffic flow due to staged road and footpath works at various intervals between 6pm and 5am until mid July.

Stay tuned to messages around upcoming impacts to surrounding roads and hospital campus access by following @LiverpoolHospital on Facebook.

THANK YOU FOR YOUR PATIENCE AS WE BUILD THE LIVERPOOL HEALTH AND ACADEMIC PRECINCT
